

Life Membership Policy

Life Membership is intended to be a reward of the highest distinction to recognise significant contributions made by members of the club.

To maintain this prestige, only one Life Membership award will be given per season to the most deserving member.

ELIGIBILITY

When considering any nomination, the following should be taken into account:

- a positive attitude and demeanor that reflects a dedication to the values of the club
- a demonstrated commitment to the principles of good sportsmanship
- a history of conduct that has consistently reflected positively upon the club

SERVICE CONTRIBUTION

A candidate for Life Membership must have demonstrated a significant and high quality of service enhancing the overall running of the club. The emphasis should be on the quality of the service; however, the service should extend over seven (7) years, which need not be consecutive.

Candidates are entitled to have their history as a player be given consideration; however, Life Membership should not be awarded to a playing member with no other significant service to the club such as a team manager, captain, coach, age group coordinator and/or a committee member.

SERVICE

Satisfaction of the eligibility and service criteria does not infer automatic granting of a Life Membership instead it makes you eligible for nomination.

NOMINATIONS

Any current financial member of the club can nominate a candidate for Life Membership.

Nominations must be emailed to the Club Secretary, clearly marked as a Life Membership application and should include the reasons for the nomination.

Specifically the nomination should include:

- the member's name and contact details
- playing duration at the club
- service contribution to the club
- supporting statement
- nominators details

At the discretion of the Management Committee of the Club and upon receipt of such a nomination the Secretary will forward the nomination to the committee for discussion at the August committee meeting (prior to the award season) whereby nominations will be voted upon.

This award is the highest honour that can be bestowed by the Club member and should be celebrated as such by being announced at an awards night at the end of the season.

QUESTIONS

Should you have any questions or queries regarding the Life Membership process please email the Club Secretary.
